

ESTATE OF THE LATE RAMESH K. GUPTA

Cars were my lifetime collection, a hobby, my bread and butter (Car Dealers 1969 Ltd), my lifestyle and more importantly a treasure for my family.

The classic cars and non-classics cars were mine but not anymore... They now belong to others to whom I'm sure will adore. Bring them to life!

Let them have a run-around, for no one knows when and where they are bound.

They were kept to sow and reap; may the next owner earn his keep.
